TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Hudson, in the County of Hillsborough, in said State, qualified to vote in Town Affairs:

(L. S.)

You are hereby notified to meet at Town Hall, in said Hudson, on Tuesday, the 10th day of March next, at Ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriation of the same.

3. To see if the Town will vote to accept State Aid Construction of Roads, and raise and appropriate money for the same.

4. To see if the Town will vote to raise and appropriate the sum of \$3,000.00 as the Town's share of the Special State Aid Construction of the Windham Road, as proposed in House Bill No. 23.

5. To see what sum of Money the Town will vote to raise and appropriate for the maintenance and improvement of Town Roads.

6. To see if the Town will vote to raise and appropriate the sum of \$3,900.00, or any part thereof for State Aid Maintenance of Roads.

7. To see if the Town will vote to raise and appropriate the sum of \$2,000.00 or any part thereof for Trunk Line Maintenance

of Roads.

8. To see what sum of money the Town will vote to raise and appropriate for the maintenance of the Fire Department.

9. To see what sum of money the Town will vote to raise and appropriate for the maintenance of the Police Department.

10. To see what sum of money the Town will vote to raise and appropriate for the observance of Memorial Day.

11. To see if the Town will vote to authorize the Selectmen to pledge the credit of the Town in anticipation of Taxes.

12. To see if the Town will vote to raise and appropriate the sum of \$200.00 to be expended by the State Forestry Department in the control of the White Pine Blister Rust.

13. To see if the Town will vote to accept and improve Adelaide Street.

14. To see if the Town will vote to accept numerous bequests as Trust Funds, the income to be used for the perpetual care of the various cemetery lots.

15. To see if the Town will vote to raise and appropriate the sum of \$800.00 or any part thereof for the continuation of the sewer on Highland Street.

16. To see if the Town will vote to install Thirteen Hydrants on the proposed extension of the Hudson Water Co. on the Lowell Road, and raise and appropriate money for the same.

17. To see if the Town will vote to raise and appropriate money for the permanent Construction of Sidewalks.

Given under our hands and seal, this 21st day of February, in the year of our Lord nineteen hundred and thirty-one.

OTIS R. CONNELL,
JOHN A. ROBINSON,
VERNON S. BROWN,

Selectmen of Hudson, N. H.

\$3.59

The Department regrets that conditions did not permit completing the Town in 1930 as predicted. However, this was due to the fact that gooseberry bushes were found in far greater abundance than was anticipated. Unless the remaining unworked areas also contain a great number of these bushes, it is the opinion of our Agent, Mr. Swain, that the initial work may be completed this year.

Current and Gooseberry bushes destroyed,	18,449
Pine infections located by crew,	465
Area covered,	1,510 acres
Average Cost per acre,	16c

THIRTY-EIGHTH
ANNUAL REPORT
OF THE
Trustees, Treasurer, and Librarian
OF THE
PUBLIC LIBRARY
FOR THE YEAR ENDING

January 31, 1931

BOARD OF TRUSTEES

GEORGE F. BLOOD,	Term Expires March 1931
HENRY SMITH,	Term Expires March 1932
ELIZA B. LESLIE,	Term Expires March 1933
HALGA H. DURIVAGE, Librarian	

Hills Memorial Library

Nathaniel Hills, one of the early settlers in Hudson on the Joseph Hills grant, bought from Jonathan Tyng, some time prior to 1733, nine hundred acres of land extending from the Merrimack river easterly over two miles. Nathaniel sold various lots of this land to his brothers, sons, and other relatives. In 1739 he deeded fifty acres to his son, Nathaniel, Jr. This deed, together with the land conveyed by it, was held, in direct line of descent, by Nathaniel Jr., Samuel, Abijah, and Franklin A. Hills.

The last named dying childless, his estate was administered by Mr. Henry C. Brown, who obtained permission from the heirs to place the old deed in the Hills Memorial Library for preservation.

Obtained in the same way and also coming into the possession of the library during the past year is a letter written to Nathaniel Hills Jr. by his son Simeon, then a volunteer in the continental army. This letter, dated at Camp Winterhill, March 20. 1776, announced the evacuation of Boston by the British Soldiers.

We wish to acknowledge the gift to the library, by Mrs. A. K. Hills, of a large number of valuable books.

Mrs. Hills and other friends have continued their gifts of current magazines for which we thank them.

GEORGE F. BLOOD,

HENRY O. SMITH,

ELIZA B. LESLIE,

Library Trustees.

4. To choose a Member of the School Board for one year.
5. To choose a Treasurer for the ensuing year.
6. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the district.
7. To hear the reports of Agents, Auditors, Committees, or Officers chosen and pass any vote relating thereto.
8. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
9. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the school board in its annual report.
10. To see what sum of money the district will vote to raise for

the building, repairing, or furnishing school houses, or to in any way keep in repair or improve the school property of the district.

Given under our hands at said Hudson, this 25th day of February 1931.

KARL E. MERRILL,
IDA GATZ,
RUBEN GROVES.

IDA GATZ,
RUBEN GROVES.

RECORD OF MEETING OF SCHOOL DISTRICT
MARCH 15, 1930

Meeting was holden at Webster School and presided over by Moderator A. W. Smith. The following business was transacted:

Arthur W. Smith, elected Moderator; Mrs. Ida Gatz, member of School Board and Jessie Gilbert, Clerk and Treasurer.

Voted salaries of district officers the same as previous year.

Dr. Smith called attention to various reports in Town Report and requested that of Mr. Connell as per 1929 vote. It was as follows: Total number of children 678; attending school out of town 147, 37 of whom are under age of 16; not attending school 55, 6 of whom are through elementary grades. Kindergarten age, 14.

Report voted accepted.

Same auditors as last year chosen—viz. Eugene Leslie and John Baker. The sum of \$30,000 including high school tuition, per capita tax and superintendent's salary was appropriated.

Dr. Smith explained cost of portable building in use and that balance of insurance money on Webster building would be sufficient for ordinary repairs.

Matters of need of new building, time, where, etc. and High School attendance, discussed at length. \$100.00 was appropriated for use of school board in case of need in taking any steps in either of these matters.

A committee of five to include the school board, Dr. Smith and H. C. Brown was voted, to confer if necessary, and proceed to obtain plans for new building, if such need arises, and report at next annual meeting. The following letter was voted sent to Dr. Smith, a copy to be entered on records of district, and one printed in Nashua Telegraph.

Hudson, N. H., March 15, 1930

HENRY O. SMITH, M. D.
Hudson, N. H.

Dear Dr. Smith,

At the annual meeting of this date, upon motion of Mrs. Anna B. Clyde, the School District of Hudson, unanimously voted to extend to you a vote of thanks for and to express their sincere appreciation of your many years of faithful and efficient service as a member of their school board.

Your decision to retire has been accepted with great reluctance, you may be sure.

Very truly yours,

JESSIE S. GILBERT, *Clerk.*

K. E. MERRILL, Chairman
IDA GATZ,
R. S. GROVES.

Report of the School Board

To the Citizens of the District :

At the close of the school year in June 1930, the large number of children at the Webster Building made additional classrooms necessary. The cooking room on the second floor had been used for class work which was much disturbed by the use of this room for cooking and sewing classes, and the preparation of the hot lunches for the children who came from a distance.

Therefore, a very careful study was made by your board, and it was decided that the manual training department could be moved to the large unoccupied room on the north side of the basement, and a cooking and sewing room fitted up in the old manual training room.

A ceiling of sheet rock was put in, sinks moved, and necessary plumbing done. The gas ranges and plates were moved to the basement, a large cupboard built, and the ceilings, walls, and floors painted. Cooking benches, sewing tables, lunch tables, chairs, and stools were installed.

The costs were as follows :

Heating and lighting manual training room	\$135.00
Lighting, carpenter work, materials, and plumbing for the Domestic Science room	479.00
New Equipment	234.00

We feel that this expenditure has been justified and more, as it has made it possible to use the large room on the second floor for a classroom, and the new room in the basement for a part-time recitation room, in addition to its original purpose.

We feel that with the City of Nashua adopting the 6-3-3 program, effective September 1932, that provision should be made to

put our schools on a 6-3 schedule. This would mean that we would have to make provision for what is now the ninth grade. We believe that we can do this at about the same cost as the present tuition for Hudson children now in the Freshman class in N. H. S., provided that suitable housing facilities can be obtained. These children are now attending Nashua High School at a cost of \$103.58 per pupil. We recommend that your Planning Committee be continued for another year.

We also wish to call your attention to the increased cost of transportation.

We submit the following budget for the year 1931-1932.

SCHOOL BOARD'S ESTIMATE FOR 1931-1932

School District of Hudson

School Board's statement of amounts required to support public schools and meet other statutory obligations of the district for the fiscal year beginning July 1, 1931.

DETAILED STATEMENT OF EXPENDITURES

REPORT OF THE SUPERINTENDENT OF SCHOOLS

Hudson, N. H., February 20, 1931

To the School Board and Citizens of the Town of Hudson:

Please consider the following as my first annual report as Superintendent of your schools:

Enrollment		January 5, 1931							
Grade		1	2	3	4	5	6	7	8 Totals
Webster Building		41	43	41	46	43	39	39	22 314
Portable		31		9					40
I. O. O. F. Hall				3	4	3	6		18
Hudson Center		12	12	11	13	7	12		67
School No. 1		2	3	4	3	4	2	3	21
School No. 9		1		4	2	4	5	2	18
Totals		87	58	72	68	61	64	44	22 476

As you will note from the above figures, we have an overcrowded condition at the Webster School in all grades except the seventh and eighth. It has been necessary this year, as indicated, to have two rooms for the first grade and to take nine of the third grade pupils, for whom there was insufficient room with the third grade, and place them in the portable building with the smaller group of the first grade.

If the present enrollment is continued next year, it will necessitate two rooms for the second and an overflow in the fourth grade.

According to census figures available at this time and probable retardation in the first grade, it seems that there will be upward of fifty in the first grade next year. This will require two teachers, with a possibility that the overflow of the fourth grade may be taken care of by one of these teachers.

Early in the school year, the School Board decided to employ

a special help teacher to give each day a definite amount of additional instruction or help in Reading, Arithmetic, and other fundamentals to the pupils needing such instruction in grades 2, 3, 4, 5, and 6. All of the pupils in the above grades were given standardized reading tests. The results of these tests with the advice of their regular teachers were the basis on which these groups were selected. These pupils appeared to need this additional help in order that they might be able to make steady progress with the rest of their class.

Due to the large number of pupils in each grade, the regular teacher does not have the necessary time to give this large amount of extra drill work.

Mrs. Ruth Boles was secured for this work and has proceeded throughout the year to give thirty to forty minutes drill in Reading and Arithmetic each day to those pupils from each grade who needed help in this work. I believe that the work, as carried out so far, has been successful, and beneficial to a large number of the boys and girls, who without this help might have been required to repeat the present grades.

I believe that the majority of failures in school are due to the fact that the individual failing is unable to read and understand the printed page. I have, therefore, emphasized the necessity of greater care and more time devoted to the development and improvement of Reading in all the grades, and with every individual child.

If a pupil cannot read at the average rate of speed or cannot understand what he has read, it is very difficult for him to do the required work in History, Geography, English, or the problems in Mathematics.

REVISION OF PROGRAM

Nashua has recently adopted the 6-3-3 system for its schools.

effective September 1932. In accordance with this new program, I believe that Hudson should adopt the 6-3 system and provide proper facilities for carrying on the work of the ninth grade. I believe that this could be accomplished by remodeling the present Webster Building, or by the construction of a new Junior High School Building somewhere in the proximity of the present Webster School Building.

If Hudson continues to send its pupils to Nashua for the ninth grade, it will mean two breaks in the school program, and two changes in school environment in two years.

I do not consider this frequent change as offering the most desired educational opportunities to our boys and girls.

TEACHING STAFF

The teaching staff for 1930-31 is composed of sixteen regular teachers and the special help teacher mentioned above. I believe that these teachers are well prepared for the particular tasks which they are doing, that they are working earnestly and conscientiously for the educational welfare of the boys and girls of Hudson, and that they are producing good results in the work which they are attempting.

Seventy-five pupils are served hot lunches in our Domestic Arts room each day, and in addition to this number, twenty to thirty who bring all of their lunch eat there under the supervision of the teachers.

A musical fantasy, "Penny Buns and Roses," under the direction of the Music Supervisor, Mrs. Elizabeth Racine, was given February 28, 1930 by the pupils of the Webster School. No amount of effort was spared by pupils and teachers to make this play a success. A school play, which has come to be an annual event, furnishes excellent opportunities for the self-development of children and a source of entertainment for the community. It also provides a fund for the luxuries which the School Board can-

not be expected to furnish. Among the many benefits worthy of note derived from the proceeds were the purchasing of a Boloptic machine, playground equipment, bas-relief, rhythm band, and an appropriation of fifty dollars towards a free Dental Fund. An association called Webster Teachers' Association has been formed simply to care for the expenditures of the proceeds of the play.

ATTENDANCE

The attendance as a whole has been very good so far this year. It seems that we have been exceptionally fortunate in regard to sickness, and I wish to thank the parents for the splendid way in which they have co-operated with the teachers in maintaining this good attendance record. Unless a child is really ill, the cases should be rare, where there is an excuse for non-attendance.

The development of group activity in the Webster School is somewhat handicapped through the lack of an adequate assembly room. It would be a great help if folding doors could be installed between the fifth and sixth grade rooms to permit the use of these two rooms for this purpose.

Mr. Erwin during the fall did considerable work with the seventh and eighth grades in the matter of physical education, but due to lack of facilities can do very little along this line during the winter months.

Additional instruction for the seventh and eighth grades in penmanship has been provided and several of the teachers have recently remarked to me of the progress which they could see in the improvement of the penmanship of these pupils. I hope that next year a uniform system of writing can be maintained throughout the school.

The only standard tests which have been given so far this year have been in Reading, but later on in the year, standard graduation examinations will be given, as an aid to the teachers in selecting

those pupils who are to be promoted. I personally believe in few retardations, but on the other hand, it is unfair to the child to place him in a grade in which his native ability and training make it very difficult for him to succeed. One of the greatest lessons which our schools should instill in the minds of individuals is the lesson of self-determination, followed by effort, and crowned with success. Failure if repeated too often has a very detrimental effect upon the life of individual.

I wish to thank the teachers for the excellent co-operation and support which they have given me in getting acquainted with and furthering the school work in Hudson.

I wish to thank the School Board, Parents, and other interested Citizens for their interest and co-operation in the all-around development of the children of Hudson.

I wish also to urge the parents to visit our schools more frequently, and observe at first hand the work which is being accomplished.

Respectfully submitted,

FRED W. HALL, *Superintendent.*

NURSE'S REPORT

To the School Board of Hudson:

I tender my report as school nurse for the past year.

In September an all day clinic was held for the children seven percent or more underweight. A clinic was held at the Center School in the morning and in the afternoon at the Webster School. The children from the district schools were brought to this clinic thru the kindness of interested mothers. Dr. Robert Kerr, Secretary of the N. H. T. B. Assos., was the examining doctor assisted by Mrs. Irene Birchell, T. B. nurse of Nashua. Sixty-five children were given a thorough examination of lung, throat and heart. Dr. Kerr found the children in very good condition and that much corrective work had been done. In most cases the children needed more rest and more milk and diet.

The graduating class of the Junior High gave \$10.00 to the free milk fund and in June a food sale was held to raise money for this fund. While a fair sum was realized it was not enough to carry on the work and in October a tag day was put on, the pupils in the four upper grades assisting and a goodly sum was added to the Milk Fund. The Fortnightly Club also contributed \$5.00 to the Milk Fund. From this fund an average of 12 bottles of milk is given free to the children who need it the most and do not have the means to buy it. A large number of children are buying milk or bring it from home. Last year 7050 bottles of milk was bought and many more were brought from home.

In September there were 40 children over 7% underweight at the Webster School and at present there are only 18. I believe that this is due to a great extent to the milk in the morning and the hot lunches at noon. At the Center School 18 were underweight and at present 15 are still underweight. I hope that next year the board will have the means to establish hot lunches at the Center building where so many children have to bring a cold lunch. I

find that the children at the Center are bringing more milk from home to drink with their noon lunch.

The Webster Teachers Association donated \$50 to the Dental Fund to be used for children at the Webster Building without means. This has been used for the children who could not otherwise have dental work done as these children are usually the ones who have the most dental defects. In many cases the children have brought small sums to help pay for the dental work and this has been turned into the fund. Parents are also much interested and many dental defects have been corrected the past year.

With the exception of measles last May there has been hardly any contagious diseases the past year. The schools have been very free from skin diseases or pediculosis considering the number of children. There is a marked improvement in personal cleanliness of the children in all the schools.

I wish to thank the parents, teachers, school board, and board of health for their co-operation.

I submit the following tables as of January 31, 1931.

		No. defects corrected or improvement shown since Jan. 31, 1930.	
Number examined	436		
" 7% Underweight	37	25	
" Defective vision	20	11	
" Defective hearing	3	2	
" Defective teeth	75	60	
" Defective tonsils	50	15	
" Enlarged glands	10	8	
" Orthopedic	7	7	Under Dr's care
" Cardiac	3	3	Under Dr's care
" Pediculosis	10	10	
" Skin Diseases	6	6	
" Unvaccinated without Certificate	2		

"	Unvaccinated with Certificate	1
"	Home calls	335
"	Children taken to Dentist	44
"	Children taken to Doctors	15
"	Dressing at home or school	70

Respectfully submitted,

JOSIE M. MERRILL, R. N.

School Nurse.
